

The Somfy myLink™

Control your window coverings, awnings, screens and rolling shutters with a smartphone or tablet

Somfy myLink™

The Somfy myLink™ offers convenient control of any Radio Technology Somfy® RTS motorized application with a smartphone or tablet. It consists of a simple plug-in device and free app that transforms the experience that users have with their motorized applications.

App control

Harness the power of your favorite mobile device and upgrade to a convenient and relevant control option for Somfy-powered solutions.

Remote access

Activate Somfy-powered applications even when you're away from home with a single tap to maximize the many lifestyle benefits they provide such as energy savings, UV protection and privacy.

Timed events

Schedule scenes to automate motorized applications on a seven day schedule so you can effortlessly enjoy their many benefits.

On-screen setup wizard

Intuitive installation and setup allows you to enjoy your myLink experience in a few short minutes.

Flexible

Choose the best way to control your motorized applications with options such as individual control, group control, and more.

Compatible

Controls all Radio Technology Somfy® RTS products including blinds, shades, curtains, screens, awnings, and rolling shutters as well as RTS enabled lighting devices.

Free app for iOS and Android

Somfy myLink™

The myLink™ puts you in control, so that you can operate your motorized applications whether you're home or not. At work and realized you forgot to close your shades for the day? Not a problem, with a simple tap of the myLink app, you can close all your shades.

Channel Control

The myLink interface features five channels so that you can control up to five individual motorized applications or five groups of motorized applications with one myLink. This provides an ideal zone control and allows you to mix and match motorized applications with ease. It's scalable so you can always use multiple myLinks together if additional channels are needed.

Sunlight Control

The myLink™ provides convenient and effortless sunlight control to create your optimal living environment. Its robust capabilities allow you to spend your time doing what you enjoy most and maximize the benefits that your Somfy-powered products provide such as energy savings, privacy, and convenience.

The Somfy myLink plugs directly into any standard wall outlet and communicates over your home's WiFi network.

Scheduling and Operating Applications

Take it a step further and create a scene so that multiple applications operate together with a single tap.

- Want to enjoy a relaxing lunch on your deck on a warm sunny day? Effortlessly close all the motorized shades in your kitchen and extend your motorized awning in an instant
- Your interior stays cool and comfortable and you can enjoy lunch under your awning in the pleasant shade.

Timing is everything, right?

Scheduling operation of your motorized applications with the myLink allows you to enjoy the experience of a high-end home automation system, but at a fraction of the price.

- Even if you're a morning person, waking up and getting your day started can be challenging. Use the myLink to schedule your motorized shades to automatically open at 7am so that you can start the day with welcoming warmth and natural light.
- Create another schedule so that all your shades close at 8pm providing privacy and peace of mind...automatically.
